

Grand & Toy information for co-ops

Automated External Defibrillators (AED) now available

AED's can save lives!

“With each passing minute from the time of sudden cardiac arrest, the probability of survival goes down by about 7 to 10 per cent. Studies show that few patients survive if the time from collapse to defibrillation is greater than 12 minutes.”

(www.heartsandastroke.com – link to complete article [here](#)) The time until paramedics arrive is critical.

Grand & Toy now offers the Powerheart G5 AED by Cardiac Science by special order. It is a Health Canada approved AED, meeting all Heart and Stroke guidelines.

Features of the Powerheart G5 AED:

- French & English by the push of a button
- 8 Year Warranty – peace of mind knowing each Powerheart G5 AED is backed by an 8 year warranty and a 4-year Intellisense battery performance guarantee (Cardiac Science does not suggest you carry a spare battery like most manufacturers)
 - CPR device which provides real time CPR feedback to the first responder (rate & depth of compression) [YouTube Video Link](#)
 - Post CPR fast shock delivered under 10 sec
- Customized energy level delivered to each patient because no two patients need the same level to defibrillate
- Rescue Ready – daily, weekly and monthly self-testing to ensure AED is always Rescue Ready (The Powerheart G5 will notify you 30 days before your pads and battery require to be replaced)
- Flexibility & Durability - IP 55 rating and tested to military specs

Included with each device:

- 1 Intellisense battery that will last 4 years
- 2 sets of electrodes
- a rugged Carry Case
- Rescue Ready Kit (scissors, mask, 2 sets of gloves, wipes, razor)
- data connection cables for post rescue data extraction

All software is included with each device.

Sold separately: wall-mounted storage cabinet with sensor, regularly priced at \$375.00

Special Pricing for Co-op Cost Cutters:

Powerheart G5 AED (basic kit): **\$1,949.00***

Powerheart G5 AED Bundle (includes wall-mounting storage cabinet): **\$2,149.00***
